

Submitter: Roxana Grant  
On Behalf Of: Winston Area Community Partnership  
Committee: Joint Committee On Ways and Means  
Measure: SB5506

Our organization is funded entirely by donations and grants. We provide afterschool and Summer programs to children in a small town of Winston Oregon. The funds for employee retention would be well used to continue to provide a safe place for teens in the summer, instead of allowing them to roam the streets. We would support the passing of this SB 5506.
