

Submitter: Dana Bill

On Behalf Of:

Committee: Joint Committee On Ways and Means

Measure: SB5506

The fairgrounds were where I, along with many of my friends and family, got the COVID vaccines. They were able to run everything smoothly and I am grateful this resource was available to the community. Our community has been impacted by natural disasters in the last few years and giving them money to improve their facilities will only come in handy in the future.
