

Submitter: Scott Spiers  
On Behalf Of: Kellogg Rural Fire District 2800  
Committee: Joint Committee On Ways and Means  
Measure: SB5506

I am a property owner, tax payer and civic minded resident of the Kellogg Rural Fire District, (KRFD). I feel that the KRFD is an integral part of this community as it serves as our primary means of fire protection, fire prevention, and emergency medical response.

Considering our rural location we don't have access to the "big city" amenities in an emergency and have to trust our community for assistance. I would ask you, as our representatives, to offer your financial support for the KRFD in its efforts to provide updated faculties and equipment to best ensure the safety of our residents.
