Committee: House Committee On Housing and Homelessness

Measure: HB3501

I oppose HB 3501.

Guaranteeing homeless "rights" has so far meant blocking rights of others ... such as a disabled person's access to a sidewalk or a small business owners access to his/her businesses.

Why protect looters stealing product and selling the same product on open street markets, then free the homeless person from all regulations and taxes.

Why should homeless have any more privileges than anyone else. Entitlement is the root of demoralization.

Why is this bill getting a hearing after the deadline has passed?
