

Submitter: Laureen OBrien

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

Unhoused people should have the right to rest, but do not have the right to take over our public spaces, including our public parks and make them into their private spaces. If they rest in an area they should be required to clean up the space they use and leave it better than they found it. Public property must be accessible for all the public to use and should not be allowed to be made into private housing for some.
