Measure: HB3501

This kind of thinking is insane. Look at the mess we are in from hand outs to anyone with their hand out. We have programs in place for people who are in need. This type of law does nothing to help people get off the handout list, it simply enlarges it. In all seriousness, this empowers lawlessness over laws put into place to keep public areas safe and secure for all people to use, not just the few that will destroy and then walk away with total disregard of the mess they leave behind for others to clean up. Whoever is behind this bill should be ashamed of themselves for thinking this is a hand up. It is not, it's simply another hand out.
