

Submitter: John Haren

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

House Bill 3501 is yet more of the insane, impractical, and barely thought-out "governance" that has, over the last ten years, turned me from a liberal-as-you-please, reliable Democrat voter into someone who will now consider supporting Republicans for public office. Flatly put, I will not only watch the progress of this bill, I will actively work against the re-election of anyone who votes to advance it. Opponents of this bill, rejoice, because you have just gained another donor come election time.

Enough is way past enough -- this Oregonian is beyond fed up with the deterioration of our once eminently beautiful and livable state. I will not stand by and let terrible ideas promulgated by clueless ideologues who feel electorally invulnerable to continue to turn our communities into havens for drug abuse, stolen-property rings, and human trafficking. I oppose this bill vehemently.
