On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

This measure is not supported in my house hold. Your failing to address mental health , controlling rent cost, tax incentives for low income housing . Sealing jobs for your constituents.

You think this is humane ? It is far from humane and goes against common sense.

Most homeless in Portland have mental health issues, from the drugs you decriminalized. You invited the drug cartels , China to ship fentanyl to Oregon, in the name of being humane. It's a given write to use drugs , but not to have housing? You also will never be able to provide housing at the state level, due to required prevailing wage requirements.

Pass some laws that free up funds for none prevailing wage housing projects
