Committee: House Committee On Housing and Homelessness

Measure: HB3501

I am writing in opposition of House Bill 3501. Homelessness is a concern in our community. Rather than encouraging outdoor living in our common areas, we need to encourage the homeless to find indoor housing. Oregon has experienced increased crime and unsanitary conditions surrounding these encampments. This bill will facillitate the downward slide of livability in our communities. Families will avoid our beatiful parks due to safety concerns due to obviously struggling members of our communities.
