Measure: HB3501

This is ridiculous. The homeless don't need a law that allows them to break laws and wreak havoc on law abiding citizens. The homeless population keeps growing in Oregon because the benefits the state gives them keep growing! A lot of these people aren't even from here. If you want to let them camp without being harassed, why don't all of you in favor let them camp on your private property. I am tired of seeing all of the garbage and drug use, I want a safe place for my kids. Harboring the homeless by incentivizing them with your bills and tax payer money is not helping. Can't you see? The more money you have thrown at them, it keeps getting worse. Year over year. How about you stand up for the people paying your paycheck! Sympathize with us! You give them our money, you pay for their drug addictions. Do not give them free reign on public property! They already treat it like they can do whatever they want and the police can't do anything. Why should we give them the right to do whatever they want on property they do not contribute to in any way shape or form. In fact, it is guaranteed that they will destroy the space. Fill it with garbage and drug paraphernalia, then it's left for the tax payer to foot the bill to clean up after them. I oppose this bill, it makes me sick to think anyone in their right mind would consider supporting this.
