Measure: HB3501

I do not support this bill and will not vote for it. I've lived in Oregon for 22 years and I've watched my favorite city of Portland turn to living garbage by allowing people to camp wherever they want. As a tax payer, I expect my taxes and my lawmakers who were voted in to address our communities problems that does not hurt this taxpayer's quality of life. What I want to know is where did the marijuana tax \$ go? Why is Oregon near last in access to treatment?! Where is that money, seriously?! Fix that first and create proper rules around the homeless or more people will move away from this state.
