Measure: HB3501

You cannot be serious. There is not another state in the Union that allows the homeless to legally occupy public places. Oregon would be more of a magnet than we already are for the statistically supported homeless criminals and mentally unbalanced individuals. Public places are for the common use of the public, not the private use. You would be asking for mass bedlam. We have a total lack of law enforcement personnel needed to sustain the people as it is. Even proposing this bill embarrasses me as an Oregonian. This bill is an insult to injury. We have had enough.
