

Submitter: FLOYD GREGORICH

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

This bill would only further undermine what little control is left in regard to keeping Public spaces pleasantly accessible and usable by everyone. The end result based on my observations would be turning said Public spaces into garbage heaps as well as open sewers. The crime that is inherent in with this lifestyle choice would only increase resulting in the destruction of nearby property values while creating "no go" zones for the general populace.
