

Submitter: G O

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

This Bill will enable individuals to claim public land as their own. The term 'public' means for use by all the citizens of the state, not just those with the time and resources to claim plots of public land as their own. A bill that allows the privatization of public resources by a select few, will lead to a further degradation of the public spaces we all enjoy.
