To allow people to take up public space is not alright. We already can't allow our children to walk to the store because you can't walk on the sidewalks around the city. How is that ok? Are we all just suppose to walk on the streets? The homeless camps in SE Portland have stolen property from my elderly neighbor, which we then had to go recover because the police don't have the resources to take care of this. It's not ok. You are asking for people that pay taxes and your salary to sacrifice our own basic needs by allowing those that, many of which, choose to not live by the rules of society run our city. Shame on you.
