Measure: HB3501

I have been an Oregon resident for 50 years. I have been paying taxes since my first job around age 16.

I find this bill absolutely ridiculous. While I have sympathies with those experiencing houselessness, giving them more rights than land owners and tax payers is not acceptable.

I find it appalling that we give our resources to those that are not doing the necessary to better their situation.

This bill and others of similar nature make those of us paying taxes at a loss. Why should I continue to be a law-abiding individual when so many others don't have to have any personal responsibility?

I hope that all those experiencing houselessness CAMP on YOUR property so you can experience it first hand. And if you pass this bill, there won't be anything you can do about it!

STUPID, STUPID, STUPID.
