On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

Decriminalizing camping is the complete opposite direction we need to take on the issue. We need to enforce and clear out dangerous camps that are open air drug markets. Tax paying residents are becoming increasingly fed up with the mass tent towns and aggressive homeless behavior that is coming with it all. If we could actually enforce no camping in areas and clear camps, instead of decriminalizing, we could start seeing some up turn in our areas of residence.
