Measure: HB3501

This is the most disturbing concept I've read in years. Homelessness should not be encouraged and that is exactly what this bill will do. Oregon already invites homeless people from other states with its liberal policies and this idiotic bill will only encourage more junkies to come and piss and shit on Oregon sidewalks as they commit property crime after property crime. I've been a liberal Democrat my entire life, but Oregon's left wing approach to these fucking junkies is completely out of control. They are criminals with no regard for society and this bill will make their numbers worse. What the hell are you thinking?
