Measure: HB3501

This sets a dangerous precedent that will allow and entice more homeless to come to our State and especially be allowed to camp/inhabit in and all public spaces that are intended for the use and enjoyment of ALL THE PUBLIC! How can one claim a space as "their own" when they are in a public area. So does this mean that anyone can go to a public park and pitch a tent and allowed to "live" there and treat the space as their own?
