Measure: HB3501

this bill is a terrible idea. I have great sympathy for folks living on the streets but the last thing we need to do is legalize and entrench them where they are and turn all our public spaces into their private areas. These folks need help, perhaps even forcefully if they're bad enough down the drug addiction road. They don't need a get out of jail free card to keep living the way they are living, they need real help. I strongly oppose this bill.
