Measure: HB3501

I oppose this bill in its entirety. The state is looking worse every day and NO PUBLIC camping should be taking place outside of areas set aside and monitored for the purpose of people accessing help to alleviate their situation. Anyone choosing to live on the streets should be promptly moved from those areas and treatment should be offered if needed. No one should be camping on public streets and no one should have the right to stay in an RV or car for any prolonged period on the side of a road. We have enabled this behavior long enough and it is time to put a stop to the insanity. Enough!
