Measure: HB3501

We have been homeless & were treated like criminals. We were told by law enforcement that they did not want our kind in their city. We were not bothering anybody. We did not have belonging all over the ground. Our only "Crime"? We were homeless. We did not litter. In fact we would pick up other people's litter. That is something that should also be addressed in this bill. Because when the homeless leave trash laying all over the place they give a bad name to all homeless people & we are not like that. We don't trash where we camp at. We wouldn't trash our home if we had one so why trash our camp spot?
