Absolutely not,

I am a gay liberal, and let me tell you these types of bills are what would/are turning someone like me into more of a conservative every time I see something like this!

Go take a look at our public lands outside Bend and explain to me why anyone in their right mind should support giving the bums out there more freedom.

Central Oregon bums are a rare breed. They are actively choosing the lifestyle. They do NOT need more incentive to move here and destroy the land.
