Measure: SB574

I OPPOSE SB 574.

While this bill purports to prohibit the use of public funds for out-of-state residential placement of students, the devil is in the "exceptions". Absolutely no state funds should be used for out-of-state residential placement of students - period!

And, for heavens sake, STOP with the declarations of emergency with all of these bills. The only emergency I see is the citizens of our once-fine state suffering due to an out-of-control legislature.
