Committee: House Committee On Housing and Homelessness

Measure: HB3501

We are already giving in way to much to the homeless. They need to be forced to work and provided food and Shelter by doing this work. Most are drug addicted who choose this path. Why are we enabling them more? Our state is one of the worst because we have too many bleeding hearts who think they need help and the tax payers need to pay for that. That's what's unconstitutional!!
