

Submitter: Elaine Lavington

On Behalf Of:

Committee: House Committee On Early Childhood and Human Services

Measure: SB574

I OPPOSE SB 574. Absolutely no state funds should be used for out-of-state residential placement of students - period! And, for heavens sake, STOP with the declarations of emergency with all of these bills. The only emergency I see is the citizens of our once-fine state suffering due to an out-of-control legislature.
