Measure: HB3501

Ridiculous. The city has already lost tens of millions in productivity declines and tax revenues. Continued "do nothing" approaches like the one proposed will only continue to exacerbate very real problems and chase away those pay public salaries. If you want t to help the homeless, repeal easy drug laws, enforce criminal law and provide actual support for the mentally unsound. Work programs, consequences and consistency work much better than the carte blanche anarchy this bill would enable. Kill it now.
