Committee: House Committee On Housing and Homelessness

Measure: HB3501

This has to be the STUPIDEST bill I have seen in a very long time. Citizens are being terrorized, employers are vacating, stores are closing and for WHAT? So we can keep enabling people to kill themselves slowly on our streets? At what point is this too much? When we have a tent pitched and people defecating in front of every house in the city? And if we give people housing with little/no barriers, what happens to the rest of the tenants in that building? JFC, get it together. The proponents of this bill should be recalled.
