

Submitter: Sanya Liddie

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

Absolutely NOT!!!! The homeless are already camping anywhere that they want. It is a problem. They are destroying public property and the environment with all of their trash. They are blocking sidewalks. They are hoarding. They are doing drugs. This bill is not helpful, at all. How about we start having a little more compassion for the taxpayers?? The residents of Portland who have to deal with these squatters camping anywhere that they like. How about a bill to put them into drug rehabilitation so they can get OFF of our public land? Or mandatory jail sentences to those who refuse to accept help? More code enforcement of these junk vehicles that they are living in and littering our streets with? Their poor life choices have caused enough damage to Portland already!!! Move them to the planned sites, don't expand their rights to camp on public land. This is destroying the quality of life of the taxpayers. Making our lives more depressing. Limiting where we can go. Where we can walk. Park. Take our dogs or our children. This bill is absolutely absurd and not what we need right now.
