

Submitter: Jesse Rowland

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

It's absolutely ridiculous that we'd consider this bill. I support aiding the homelessness situation but this bill only encourages people to move into more public spaces.

This bill will cause citizens to lose access to their own parks and is sure to cause more clashes between citizens and the homeless population.

To further state the issues with this bill, it will be abused by companies to utilize public spaces for profits.

Please vote no on this bill. It's bad for communities and bad for our state.
