Committee: House Committee On Housing and Homelessness
Measure: HB3501

Legitimately one of the worst and most ridiculous bills I've ever seen proposed. Do you want to get re-elected? Because supporting a bill like this is the fastest way to make sure that never happens again. It may not be an issue in the gated communities and upscale neighborhoods that lawmakers live in, but anyone else that actually lives in the real world will tell you how big of an issue the homeless problem has become in Salem, Portland, and Eugene. Legislation like this is the fastest way to push tax-paying citizens out of the state, and it deliberately plays into the "Lawless Hellscape" reputation Oregon has earned on the national stage. PLEASE, take two seconds to really think about this and use your brains. Vote no on this bill.
