Measure: HB3501

I'm voting NO on this bill. There's enough crime from the homeless that are not being handled properly or taken serious. And now, you want to give them more rights than those working and paying taxes aka the city "leaders" paychecks?! No way! Enough is enough! We need mandatory, involuntary rehabilitation for all the ones with addictions and consequences for those that choose not to clean up and become a positive part of our society. No excuses that there's not enough funds for these services. The city and state wins every time a person/wins a lottery, and on top of this, we are being taxed to death. The funds are there, now use them for they're intended. Allowing the homeless to camp as they please and harass law abiding, working citizens and not be prosecuted themselves for their crimes (car thefts, open chop shops, drug use, etc) is NOT the answer. When will us working Americans get our rights back? If I call the police because my vehicle is stolen, or I'm in an accident, they won't come to help unless a life is on the line, and that's even after being put on hold. Like I said, enough is enough! Put the overtaxed working class citizens money to use as it should be. As to this bill - JUST SAY NO!
