Committee: House Committee On Housing and Homelessness

Measure: HB3501

You cannot and will not give up our public spaces to the homeless further than you already have. How much more crime and abuse are you going to subjugate everyday citizens too? Your soft on drugs & crime policies have done nothing but ruin our state and ruin the homeless peoples lives further. These people need rehab, mental health care and consequences, not a blank check to defecate on our public spaces.
