Measure: HB3501

Please do not allow this bill to pass. I feel for the homeless but this issue is getting ridiculous. This world not do anything except turn the state into a dump. It's almost there, this would just put the nail in the coffin. This is the most ridiculous idea ever. If it passes, I will certainly start voting as a Republican. I've been a Dem my whole life but I don't like how ridiculous the laws and ideas have turned here. Didn't the governor's race show you anything about how the true public feels about the current status of OR? I know many Dems who voted Republican. I also did. Just because of these stupid bills.
