

Submitter: Greg Brock

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

I believe we need to do more for house-less individuals. It is not a crime to be without a home. However, our public spaces are just that, public. They should not be able to be claimed as private, which is what this bill does. Turns public spaces in our state into private residences. That decreases public access. We have codes and standards of living, those need to be sustained. Also, camping outside of campgrounds is not appropriate use of public space.

Thank you
