Measure: HB3501

I strongly oppose this bill. We cannot give homeless people money per month! What about students, single mothers/fathers, older people, etc. People who are paying taxes and contributing to society! Portland has gone from being the city of roses to the city of people shooting up, engendering our community, trashing our city, and making business closes. Nobody wants to live in Portland, nobody is moving here, we haven't recovered from covid. HELP US! Do not allow this. Please!
