

Submitter: Gregory Hickey

On Behalf Of:

Committee: Senate Committee On Health Care

Measure: HB2395

As a retired Oregon Parole and Probation Officer with a Masters In education, and having been on the board of directors of two alcohol and drug treatment programs, I cheer any sensible means to help people with opiate addictions. Any legislator who claims withholding of life giving aide to opiate users, who may even be children, is heartless and has no business being a representative of the people. Opiate antagonists save lives. Period. Life saving, I believe, is a worthwhile endeavor.
