On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

I strongly believe this measure is misguided and ill-timed. Oregon is in a crisis of having too many homeless tents, not too few! The general public should have equally protection for unmolested public space. I have voted for and contributed only to democratic candidates so far, but I'll seriously reconsider my voting preference if this measure makes out of committee. Talk about politicians being out of touch!
