On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

I do not agree with this idea. Urban camps are often surrounded by litter left by the camper. Passing this bill could incentivize other states to bus houseless individuals to Oregon as a solution to their houseless population issue. Houseless individuals from other states will also see Oregon as an attractive place to live. I'd like our parks to continue to be safe places for my family to visit. Passing this bill will inevitably surrender our parks and will create an expensive project to recover them. This bill seems to enable houseless individuals to continue their lifestyle at our expense rather than help them .
