On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

If this bill passed, it will take all authority away from government, business, and people to remove homeless camps. All public area will be covered even more than they are now with no way to clean things up. It will be detrimental to the environment and esthetics of Oregon. While I do believe there is a problem and we should work together to provide solutions and support to the houseless community, this is not the way.
