Measure: HB3501

I strongly oppose this Bill. As a taxpayer, I find I cannot use local resources such as the library and the parks due to the homeless camping. Safety is a huge concern. When I drive down Bear Creek and see all of the trash being washed into the creek, I am appalled. I am tired of seeing grown men pull down their pants and take a poop. What has happened to our state??? Since the passage of Measure 110, things have gotten worse. Theft is sky-high, along with many other crimes. This Bill requires the police to find the homeless a camping spot... what a waste of resources. We already have so many issues with drugs and illegal marijuana grows. How can you even think of passing a Bill such as this that would add more burden to the police, private businesses, and hard-working citizens?
