

Submitter: Samantha Wood

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

To whom it may concern: As a someone returning to Oregon to raise my family, I'm appalled that this is even on the table. The sponsors of this bill live in such affluent areas, that this isn't even an issue for them, while the rest of us will be spending tax money on playgrounds and parks that would other wise be condemned. Fix this problem, house the house less, those that don't want to be housed can be in their way. Stop other states from sending their problems to us! I know this happens because it did when I lived in Atlanta. The rights of the intentionally houseless cannot impede on the rights of tax paying citizens. Vote NO!!!! This is getting ridiculous
