

Submitter: Matthew Luedtke

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

Reading this measure, I am horrified and depressed.

I would hope anybody from any party would notice that public camping has not benefitted anyone over the last 3 years. Public camping is ALREADY permitted in many parks where I live because local governments are out of options. People who support this measure should try living in these camps; anything else is class warfare and NIMBYism.
