Measure: HB3501

Establishing a right to rest will protect people's dignity, health, and possessions. Every person deserves a safe place to rest, and deserves the autonomy to establish that place where they are able to. Camp sweeps are a massive waste of taxpayer money, used to harass and criminalize an already oppressed population. Stop sending cops and private sweep companies to destroy what little poor people have, and start meeting folks where they are at. Add services, don't strip what little safety people are able to establish for themselves away.
