On Behalf Of:

Committee: Senate Committee On Education

Measure: HB2281

Let's add another unnecessary level of bureaucracy into private education. This bill will not ensure anyone's rights, but, instead, increase the cost of alternative education. Since our public schools are forcing so many ideas which we oppose, other options are required. This is just a way to make it more expensive for parents to seek better education for their children.

Vote NO on HB 2281.
