Committee: House Committee On Housing and Homelessness

Measure: HB3501

This measure only further harms our cities broken reputation as a lawless safe haven for homeless and criminals. This is unsafe for all parties involved and is not a solution to our housing problem. We must clean up our streets, freeway entrances, parks, etc. By allowing this kind of measure we are hurting local businesses, small businesses and anyone that lives in Portland. This will only drive more businesses out of downtown and further damage the current state of Portland. I am vehemently against this measure.
