On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

This proposed bill would be the final nail in Portland's coffin to revitalize the city and to bring it back to what it once was. All of the resources that have been spent and utilized to improve the quality of life for ALL who live in Portland will be for naught should this bill move forward. The people of Portland and Multnomah County have been excessively taxed on this homelessness issue and have also been asked to be patient for results as we have watched Portland self-destruct. It is time for our city/state government leaders to protect ALL Portlanders not just those living on the streets. This bill's passage would ensure Portland once again goes backward destroying our parks and continue the downward spiral of home values within the city. People are moving out of Portland for good reason passage of this bill would escalate that trend greatly. I ask for you to oppose this bill.
