Measure: SJR33

I am stunned at the levels of depravity unfolding in our state, and that anyone let alone someone who is themselves a parent, could put forth this disgusting bill. It is unconscionable anyone, let alone 40 Democrat legislators, would support legalizing the maiming of children and the evisceration of parental rights that is in declares children belong to the state of Oregon, parents are now merely coparents.

What is the end game here? I cannot fathom, as a parent and grandparent myself, what reason that would be. You are supposed to be a representative for your district not in Salem to simply vote the party line. I cannot imagine a majority of your constituents would back this bill if they knew what it contained. It seems democrats care only about ramming through their destructive partisan agenda with little to no discussion or public input. You care not whether passing this destructive bill will harm for life-children who you are using as political pawns. The coup d' e-tat for Oregonians? Forcing the tax payers to pay for these irreversible medical alterations. I'm also curious who will care for these young children who are surgically altered without parental consent since they will need hormonal and other medications and medical care for this for the rest of their lives

I urge you all to vote NO
