Committee: House Committee On Housing and Homelessness

Measure: HB3501

Dear Committee Members, I strongly oppose HB3501. This bill and similar bills are irresponsible by not addressing the issue at hand. Focus on bills that address the issues—build addiction and mental health infrastructure. We are last in the nation for access to treatment yet number one in meth use and #2 in opioid misuse. Stop wasting hard-working taxpayers' money and time on senseless bills and focus on bills that get to the heart of the issues and get Oregon back on track. Businesses and Oregonians are leaving this State because bills like this only create bigger problems that will make the situation worse!
