Committee: House Committee On Housing and Homelessness

Measure: HB3501

Additional money is not going to solve any problem related to homelessness and drug addiction. Portland and Multnomah county have already failed to have plans in place for the multi-millions of dollars in funding for these problems that they already receive. The present use of funds as pointed out by our own Governor Kotek has resulted in a complete failure of a response. As evidence of this, please see any video of Portland homeless street camps where there is open drug use, drug dealing, gangs, murders, fires, endless crime, trash, graffiti, and inhumane conditions without water or sewer. The people of our state have had enough.
